Ms. Dortch:

This will serve to formally submit a request for an FCC Appeal consideration on behalf of our client school, Bright Star Schools for their 2012 Priority One Form 471 that was approved on 11/13/12 but for only an 88% discount eligibility, for their new school site, Rise Ko Hyang Middle School. The school opened its doors in Mid-August 2012.

- **Form 471 Number:** 831422 (Priority One)
- **FRNs:** 2294572, 2294580, 2294560
- **Billed Entity Number:** 16056685
- **Billed Entity Name (Applicant School):** Bright Star Schools

The following are the salient points that we wish for you to consider:

- The form 471 entered into PIA this past summer and my firm still did not have the enrollment demographic information from the school because it had barely opened in mid-August and the total enrollment demographics were not yet known to them. In essence, the data for enrollment was simply not known to the school applicant at that timeframe as it was only recently opened for its first day of operation.
- The FCDL was issued on 11/13/12 with an FCDL approval but only at the discount eligibility of 88%, as we only had incomplete proof at the time that the Rise Ko Campus was eligible for an 80% discount.
- On behalf of the school applicant, my firm filed an appeal with USAC on 12/11/12 to request consideration for what was only recently known at that timeframe about the demographics of the new school's enrollment. However, the data provided to us by the school was not from an independent third party.
- USAC denied the appeal due to non-response. My consulting firm had asked for an extension on the PIA on 3/3/13, and we were granted an extension until 3/11/13. However, in this timeframe, the school was on spring break and was not able to get us the snapshot from the state for Rise Ko's free and reduced lunch numbers.
- On 3/25/13, we received third party data from state of California stating Rise Ko Hyang's free and reduced lunch numbers. The enrollment information is now attached herein for your review and consideration in the increase of their discount entitlement to an accurate level, based now on real data.

We are hereby requesting another review of these FRNs so that the recently acquired enrollment information for this new school may now be considered for a true discount eligibility review.
